

2,5-5 litre

EasyFlex™ 180

Series EasyFlex™ 180 is a conical packaging with patented lid design, as easy to open as to re-close. An advantage that is appreciated by both end-users and the staff who prepare and mix paint in the store. Besides the lid's foldable plastic closure, the EasyFlex™ solution is solid tin-plate and provides all the material qualities of the metal. It has the durability, strength, finish and endless design opportunities.

Conical, flexible and user-friendly

2,5-5 litre EasyFlex™ 180

EasyFlex™ Series 180 is a conical pail for paint and chemical/technical products. Easy to open and re-close with the EasyFlex™ lid with plastic ring. The conical design of the EasyFlex™-pail is logistically advantageous as empty packs are supplied stacked inside each other resulting in higher quantities per pallet. The external is available in plain, white or decorated to customers' request. The internal is available in lacquered
