

## 2,5-5 litre

Series UN Ø180

**Series 180 UN-pail** is a traditional tinsplate pail for products classified as hazardous goods. The conical design of the UN pail is logistically advantageous as empty packs are supplied stacked inside each other resulting in higher quantities per pallet.

## Conical pails for hazardous goods

# 2,5-5 litre

## Series UN Ø180

**Series 180 UN-pail.** The series includes from 2,5 to 5 litre. The packaging is approved in packaging group II and III combined with a luglid or a ringlatchlid and ringlatch. The external is available in plain, white or decorated to customers' request. The internal is available in plain or lacquered.

### Pails
