

# 10-25 litre

## Series UN Ø285

**Series 285 UN-pail** is a traditional pail for products classified as hazardous goods. The conical design of the UN pail is logistically advantageous as empty packs are supplied stacked inside each other resulting in higher quantities per pallet.

## Conical pails for hazardous goods

# 10-25 litre

## Series UN Ø285

**Series 285 UN-pail.** The series includes pails from 10 to 25 litre. The packaging is approved in packaging group II and III, combined with luglid and ringlatchlid with ringlatch. The external is available in plain, white or decorated to customers' request. The internal is available in plain or lacquered.

### Pails
