## QUALITY POLICY

Emballator UK Ltd shall be the food, paint, and chemicals producers' natural choice by offering innovative and efficient concepts within the packaging materials primarily based on metal and plastic.

By innovation, commitment, and high competence, we shall provide packaging solutions which increase the value of our customers' products.

We will ensure through communication, recognition, training, and reward that all our employees are totally committed to this objective. Our management team continually improve our quality management system to ensure we meet the requirements of our customers and legal regulatory bodies whilst maintaining our ISO 9001 accreditation.

### The company has set 5 clear objectives:

1. To continuously improve our management system ensuring the high quality of customer service and products has been delivered.
2. To continue to monitor key OTIF and aim to maintain our service records.
3. To maintain as a minimum and where possible grow our turnover from the previous year.
4. To diversify into other market areas, these are identified on a yearly basis at board level.
5. To continue to invest in resources to increase the capacity to be able to expand into new market areas and still maintain our current output levels.
